2007-09 Budget Amendment Request

Title: KRM Commuter Rail

Date: June 14

Senate Assigned #:

36

Legislator: Robson

Staff Contact: Summer Shannon-Bradley

Statement of Amendment Intent: Please draft provisions of JFC Motion # 433, # 413 and # 438 (re: proposed KRM commuter rail service and studies of stop along current proposed route and study of Northern Spur to Milwaukee Line)

Agency: DOT—Local Transportation Assistance

Fiscal Impact: Unknown

Funding Source: Program Revenue/Bonding?

Attachments: JFC Motions # 433, # 438 and # 413 from May 31, 2007

DOT -- LOCAL TRANSPORTATION ASSISTANCE

KRM Commuter Rail Project -- Study of Additional Stops

[LFB Paper #777]

Motion:

Move to require the southeastern Wisconsin Regional Transit Authority (RTA) to conduct a study on the feasibility of adding a commuter rail stop and station at points where the proposed rail route would intersect National Avenue and/or Greenfield Avenue in the City of Milwaukee. Specify that the study be included as part of the report to the Governor and Legislature that is required under current law.

Note:

Under the proposed KRM commuter rail project, the proposed new service would extend to Milwaukee's Amtrak station, making intermediate stops in Kenosha, Somers, Racine, Caledonia, Oak Creek, South Milwaukee, Cudahy-St. Francis, and the Bayview area on Milwaukee's south side. This motion would require the RTA to study the feasibility of additional stops in Milwaukee.

2005 Act 25 also created specific reporting requirements for the southeastern Wisconsin RTA, including the submission of a report to the Legislature by November 15, 2008. Among other requirements relating to coordination of mass transit in the three-county region and the continued existence of the RTA, Act 25 specifically requires that the RTA report identify: (a) a permanent regional funding source to provide local funds for a portion of the operating and capital costs of commuter rail and public transit in the region; (b) a recommendation as to whether the responsibilities of the RTA would include the operation of commuter rail and/or transit service in the region; and (c) a recommendation on the use of bonding for commuter rail and transit in the region.
